BCA student with a strong foundation in programming and ML. Eager to contribute and grow in a tech-driven role at TCS.

## SKILLS

- HTML/CSS
- Python
- Java
- Scikit-learn
- SQLite
- Web development
- Team Collaboration
- Machine Learning

## CERTIFICATIONS

- Business English Certificate B1  
– Cambridge University Press
- Soft Skills and Employability Skills  
– Cambridge University Press
- Blockchain and Crypto Currencies  
– Technova Tech

## HOBBIES & INTERESTS

- Video Games
- Bike Riding
- Web Design
- Traveling

## EDUCATION

**2022 - 2025**

**Bachelor of Computer Application**

Sahrdaya College of Advanced Studies

**2007 - 2022**

**HSE & SSLC**

Devamatha CMI Public School

## PROJECTS

**Depresso – Depression Risk Predictor**

- Built a machine learning model to predict depression risk based on sentiment analysis of user responses.
- Tools used: Python, XGBoost, Flask, HTML, CSS, JavaScript
- Outcome: Identified high/low risk users accurately and showcased the solution through a web-based interface.

**EATMORE – Top Restaurant Finder Web App**

- Developed a web app to filter and display top restaurants by district with contact details.
- Tools used: HTML, CSS, JavaScript
- Outcome: Helped users easily discover top restaurants in their locality.
